

# Library

Librarians: Ina Tomic & Irena Safarik Zupic

MG library exists to serve its community: students, staff and parents. Our aim is to foster the development of life-long learning and love of reading. Together with teachers, the School Librarians support the MYP and IB curriculums.

Librarians work together with the classroom teachers, provide students with multiple pathways to learning.

*What will students do in the library?*

*Read, research, reflect and have fun!*

*The library is an active place, filled with dreams and wonder. Children are able to choose books according to their individual interests.*

Come and visit us!
