

Zagreb, 23/04/2012

Dear Parents,

As we cannot close ourselves off to information and ignore the fact that a lot of people are out there suffering, we would like to intensify our involvement in the humanitarian actions. Therefore we kindly ask You once more for Your support, this time in the humanitarian action **Children for 5** initiated by the association "Circles" ([www.krugovi.hr](http://www.krugovi.hr))

The goal of the action is raising money **for sick children by collecting discarded toys** in a way that every child donates an undamaged toy which he/she doesn't play with anymore and bring the toy to the school library. The toys can be: dolls, cars, handbags, backpacks, children's books, children's jewellery, social games, puzzles, etc. The action will last from **May 7th-11th**.

Members of the association "Circles" will gather all the toys and sell them at the Utrina market on Saturdays and Sundays in order to collect money, which will help families whose children suffer from malignant illnesses.

We would greatly appreciate Your cooperation in this matter. We strongly believe that You and Your children will show compassionate contribution in this humanitarian action as an effective and ethical expression of human solidarity.

Yours sincerely,

Ina Tomić  
Community and Service Leader

**Giving from our hearts, makes us better people!**
